Subject: FW: Resubmission of OOOOa report

Hi Lindsay,

I reviewed your submissions in question and everything appears to be in order. We appreciate your feedback that the statuses are misleading to you, but this is how the system is currently set up.

When a report needs to be revised, the original submission is marked as 'Resubmitted' and the new submission is marked as 'Submitted'. The reports are then linked to each other through the 'Revisions' section on the Report Details page. Only the 'Submitted' report is reviewed and transferred to WebFIRE.

For this reason, I don't believe any updates are needed.

Subject: Resubmission of OOOOa report

Hello,

I submitted a OOOOa Annual Report yesterday (10/29) for 1776 Energy Operators LLC-Dragon 1H Production Facility. We needed to make a revision, so I created a revision file and the report was re-submitted today (10/30). However, both versions are showing up under my Submitted Reports folder and the resubmission file is the old (incorrect) one. The correct revision submitted today is not labeled revision, so it is a little misleading that the file name resubmission does not contain the edits we made.

Am I able to delete the old (incorrect) file that is labeled resubmission? The deadline for this report is today.

Thanks,

LINDSAY L. SALVADOR
